| • CGPA: 8.69 / 10 ( <i>Certificate preview</i> )                         |                    |
| <b>B D Public School</b> , Senior Secondary (Science)                    | June 2022          |
| • PERCENTAGE: 86.6% ( <i>Certificate preview</i> )                       |                    |
| <b>SDSVM Bataha Sainik School</b> , Secondary (Science)                  | March 2020         |
| • PERCENTAGE: 83% ( <i>Certificate preview</i> )                         |                    |

## Work Experience

---

- |  |                       |
|--|-----------------------|
| <b>Software Development Engineer Intern</b> , Bluestock Fintech  | Feb 2025 – March 2025 |
| • Developed scalable financial applications using Java, adhering to Agile methodologies, resulting in improved performance and faster delivery cycles.   |                       |
| • Designed and implemented algorithmic solutions for financial data processing, which improved system efficiency and reduced data latency by 35%.  |                       |
| <b>Smart India Hackathon (SIH)</b> , Finalist Team Lead  | Aug 2024              |
| • Led a 6-member team in the Smart India Hackathon (Smart Education domain), securing a top 30 position among 200+ teams by building an innovative web-based solution using React, Node.js, and MongoDB. |                       |
| <b>Full Stack Development Intern</b> , AICTE   | Jan 2024              |
| • Gained hands-on experience in front-end development using HTML, CSS, JavaScript, and integrated with a database to support dynamic content.  |                       |
| • Developed and delivered a responsive and user-friendly website aligned with AICTE standards, demonstrating attention to detail, compliance, and client-oriented development.                           |                       |

## Projects

---

- |  |                |
|--|----------------|
| <b>Educational Platform</b> – Gyaansaras:  | Live Dashboard |
| • Developed a web-based educational platform using HTML, CSS, JavaScript, MySQL, and Java.                 |                |
| • Features include dynamic content loading, responsive user interface, and intuitive dashboard experience. |                |
| • Focused on democratizing education with freely accessible resources.                                     |                |

## Certifications

---

- |                                       |                     |
|---------------------------------------|---------------------|
| SDE Intern – Bluestock Fintech        | Certificate Preview |
| Smart India Hackathon – Pre-Qualified | Certificate Preview |
| Java Internship – AICTE               | Certificate Preview |

## Technical Skills

---

- Languages:** Java, C++
- Web Development:** HTML, CSS, JavaScript, Bootstrap
- Databases:** MySQL, MongoDB
- Developer Tools:** Git, GitHub, VS Code, MySQL Workbench, Figma
- Coursework:** Data Structures Algorithms, System Design, OOP, DBMS, OS, CN, TOC
