Professional Summary

Self-motivated Software Engineering graduate with hands-on experience in full-stack development using Java, JavaScript, and modern frameworks. Strong in DSA and software design, passionate about building scalable, user-centric applications in collaborative environments.

Education

Galgotias University, B.Tech in Computer Science and Engineering

Oct 2022 - Present

• CGPA: 8.76 / 10

B D Public School, Senior Secondary (Science)

June 2022

• PERCENTAGE: 86.6%

SDSVM Bataha Sainik School, Secondary (Science)

March 2020

• PERCENTAGE: 83%

Work Experience

Software Development Engineer Intern, Bluestock Fintech

Feb 2025 - March 2025

- Developed scalable financial applications using Java, adhering to Agile methodologies, resulting in improved performance and faster delivery cycles.
- Designed and implemented algorithmic solutions for financial data processing, which improved system efficiency and reduced data latency by 35%.

Smart India Hackathon (SIH), Finalist Team Lead

Aug 2024

• Led a 6-member team in the Smart India Hackathon (Smart Education domain), securing a top 30 position among 200+ teams by building an innovative web-based solution using React, Node.js, and MongoDB.

Projects

Educational Platform:

- Developed a web-based educational platform using HTML, CSS, JavaScript, MySQL, and Java.
- Features include dynamic content loading, responsive user interface, and intuitive dashboard experience.
- Focused on democratizing education with freely accessible resources.

Hospital Management System:

- Created a multi-role platform for admin, doctors, and patients using HTML, CSS, JavaScript, and Node.js.
- Enabled appointment booking, report management, and medicine tracking through a clean dashboard UI.

Certifications

Bluestock Fintech - SDE Intern Certificate (Feb 2025)

Smart India Hackathon - Finalist Certificate (Aug 2024)

Java Internship - AICTE (Jan 2024)

Technical Skills

Languages: Java, C++

Web Development: HTML, CSS, JavaScript, Bootstrap

Databases: MySQL, MongoDB

Developer Tools: Git, GitHub, VS Code, MySQL Workbench, Figma

Coursework: Data Structures & Algorithms, System Design, OOP, DBMS, OS, CN, TOC
